EXECUTIVE DIRECTOR,
SCHOLARSHIP COMMISSION

CHAIRMAN,
SCHOLARSHIP COMMISSION

GOVERNOR,
STATE OF ILLINOIS

Being named National Merit Scholarship semi-finalists was an honor for Ethan Edwards, Lydia Falconnier, Beth Kramper, and Karen Williams.

# Hard work results in many rewards

Outstanding students were recognized as National Merit semi-finalists, Illinois State Scholars, and members of the National Honor Society.

National Merit semi-finalists were chosen on the basis of high Scholastic Aptitude Test scores, whereas Illinois State Scholars were selected on their top American College test scores.

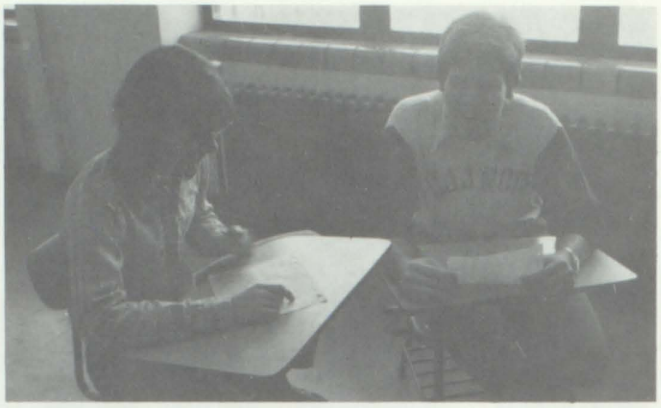
To be chosen by the National Honor Society a member had to have a grade point average of 3.5 or better.

Earning these scholastic honors required effort, study, and dedication.

Members of the National Honor Society were (Bottom Row) Wesley Morris, Jean Glauber, Norma Schwengels, Kathy Athy, Kurt Schlosser, Stephanie Dorris, (Second Row) Scott Brennan, Lynn Vitale, Julie Adams, Cheryl Bruehl, Mary Zipfel, Ellen Scheuermann, Karen Botkin, Gretchen Auner, (Third Row) Mike Imber, Kathy Cline, Stacy Penny, Kathy Wurdinger, Cynthia Scharf, Beth Kramper, Karen Williams, (Fourth Row) Susan Waltrip, Karla Tullock, Linda Buechler, Linda Paulat, Debbie Peter, Susan Germain, Carolyn Corbet, (Fifth Row) Linda Murphy, Robyn Kelly, Terry Schulze, Elaine Shirley, Kelly Dailey, (Sixth Row) Scarlett Harrod, Sandee Shea, Julie Fritsch, Lydia Falconnier, Martha Mabra, Mary Curnane, Angelica Anagnostopoulos, Sheila Taff, (Top Row) Patti Mehmert, Lisa Shea, Denise Francoeur, Donna Ford, Jean Hankammer, Jim Musgrove, Ray Holdener, Bill Hornbager, Harris Tollefson, sponsor.

Missing from the picture were: John Andruska, Christi Austin, Michele Cornell, and Margaret Stroud.

# Competition gives us an opportunity to apply knowledge

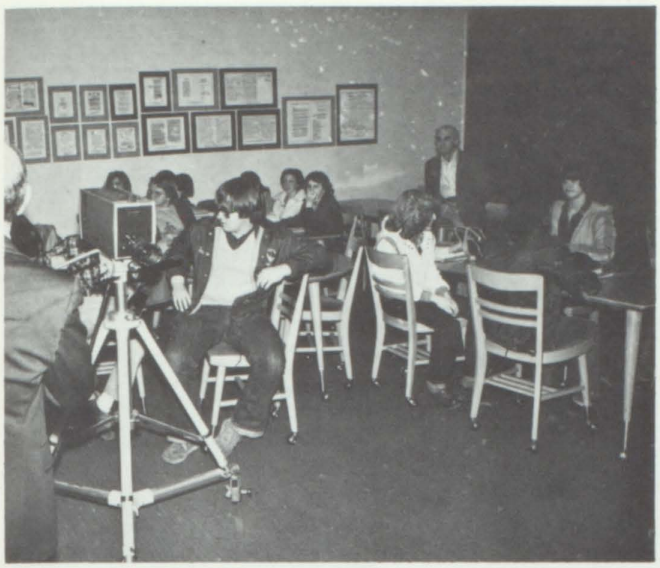


Jay Schmitz and Ethan Edwards represented West in a quiz show sponsored by KSD Channel Five. Also participating but missing from the picture were Renee Randant and Tim Hensick.

Members of the team who represented West in area math contests were (Bottom Row) Susan Waltrip, Dan Fahey, Angie Howell, Suzie Lopinot, Amy Boyles, Dave Thompson, (Second Row) Ted Myhre, Mark Henke, Todd Schroeder, Sri Annamraju, Brian Williams, (Third Row) Kathy Lin, Karen Williams, Dennis Nadler, Karen Kuntsman, Laura Culli, Ethan Edwards, Mary Bucknell, (Top row) Dale Barchak, Andy Wilkinson, Ray Holdener, Rob McCammon, Dave Lautz, and Kenichi Kasahara.

Kurt Schlosser proved what can be achieved when talent is combined with hard work.

A member of the National Honor Society, Wesley Morris found time to practice miniature billiards in class.



Through peer helping, students learned to help each other.

# Counselors helped us make decisions

Counselors offered several non-credit courses. College planning was a preparatory course that provided information on various colleges across the country. Because the choice of college is a major decision in a student's life, parents were invited to attend the course on Wednesday evenings during February. Career planning provided students with data about various occupations to aid them in their career choices. Study skills gave helpful points on comprehension and organization to increase good study habits. Peer helping enabled students to be trained as tutors and semi-counselors for fellow students.

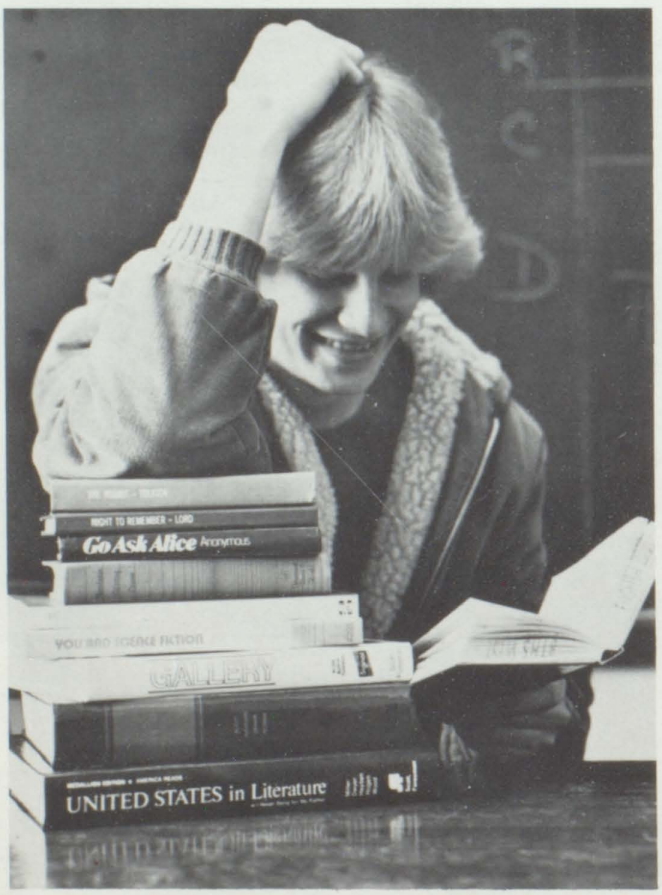
Mr. Dennis Butts and Mr. Hank Hayes helped students choose careers suited to their skills.

Mr. Hank Hayes explained college opportunities to parents and students on College Planning Night.

College planning sessions helped parents and students evaluate colleges.

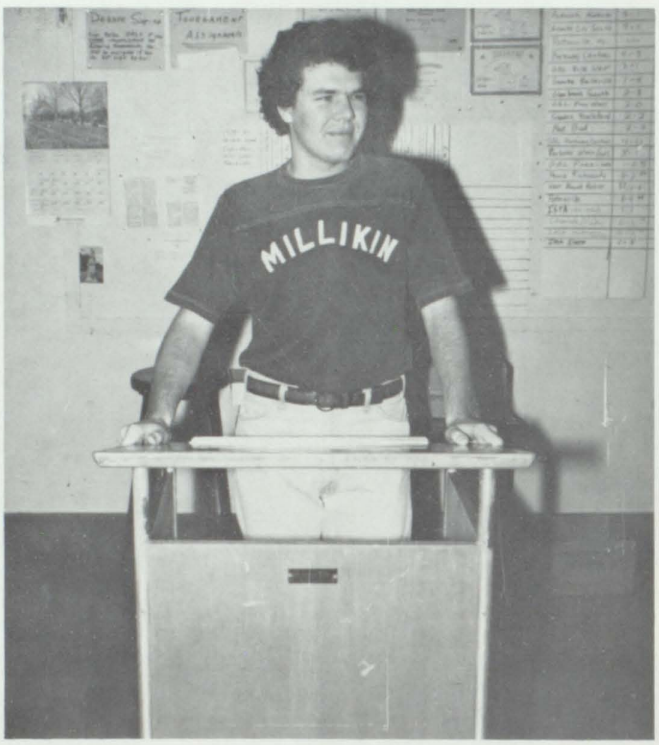
# English develops essential skills

The opportunities to fulfill English language requirements were numerous. Students gained two credits by passing freshman and sophomore English and a semester course in oral communication. To meet the remainder of the three and one-half credit requirement, students picked courses from a list of electives, including both literature and composition courses. The English Department tried to teach the fundamentals of reading, writing, listening, and speaking and to spark interest in literature.



Darren Laske broadened his knowledge of literature.

Mrs. Janet Kuehn supervised many classroom activities.



Giving a speech was nothing unusual to students like Glen Ganschinietz who was enrolled in public speaking.

Dawn Stiehl and Jack Anderson displayed their oral communication projects.

Lisa Shea admired a project made by the Literature of the Bible class.

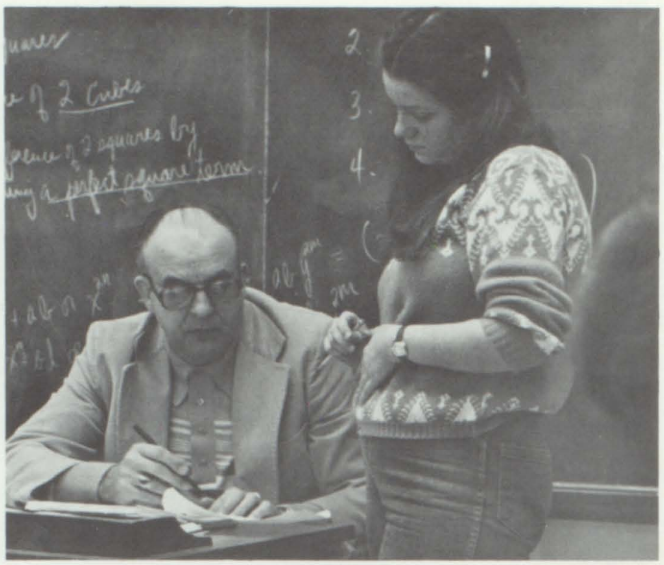
Brian Kamn worked on lights for a project in a technical theatre class.

Annette Dahm concentrated on her term paper, a requirement for many courses.

Presenting a debate for Dr. Richard Hunsaker were Todd Vandewater, Mark Metzger, Andy Cooper, Ted Myhre, Ben Hunsaker, and Katie Devers.

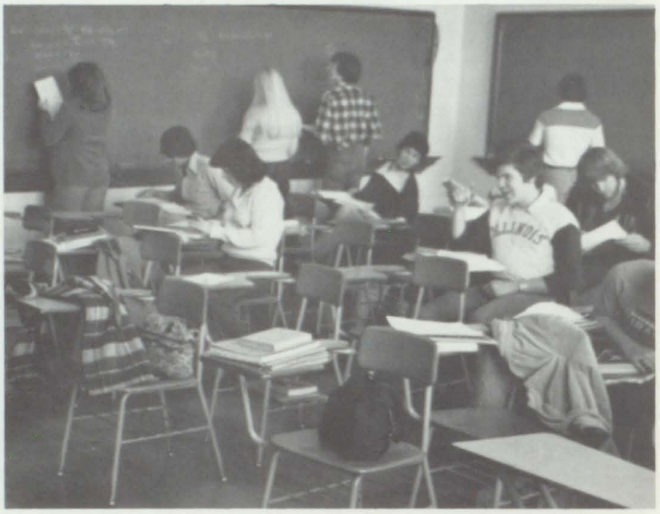
# We developed calculative skills

We worked with variables in algebra, figures in geometry, and angles in trigometry. Reason and applied knowledge were used to solve problems. There were courses to meet the needs of every student, ranging from business math to analytic geometry. Some industrious students took a calculus course at Belleville Area College.

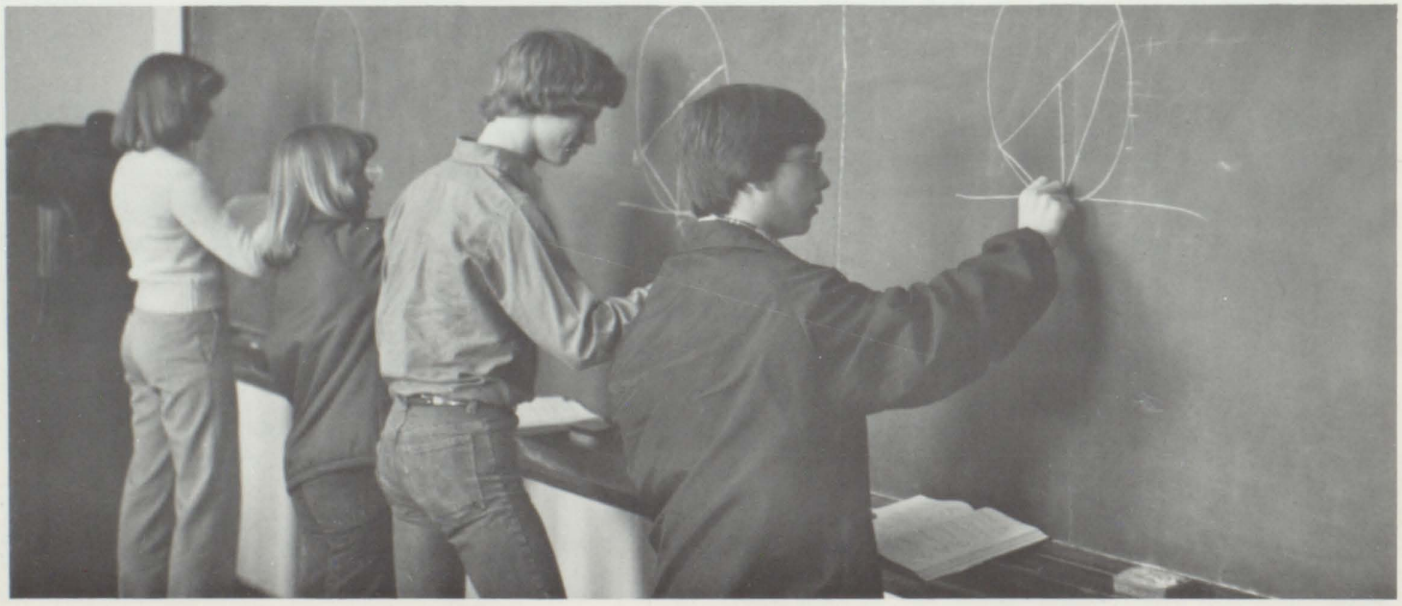


Mr. Don Jackson assisted Denise Lameyer with her algebra problems.

Beth Carril and Susie Dahm worked together to solve some of their math problems.

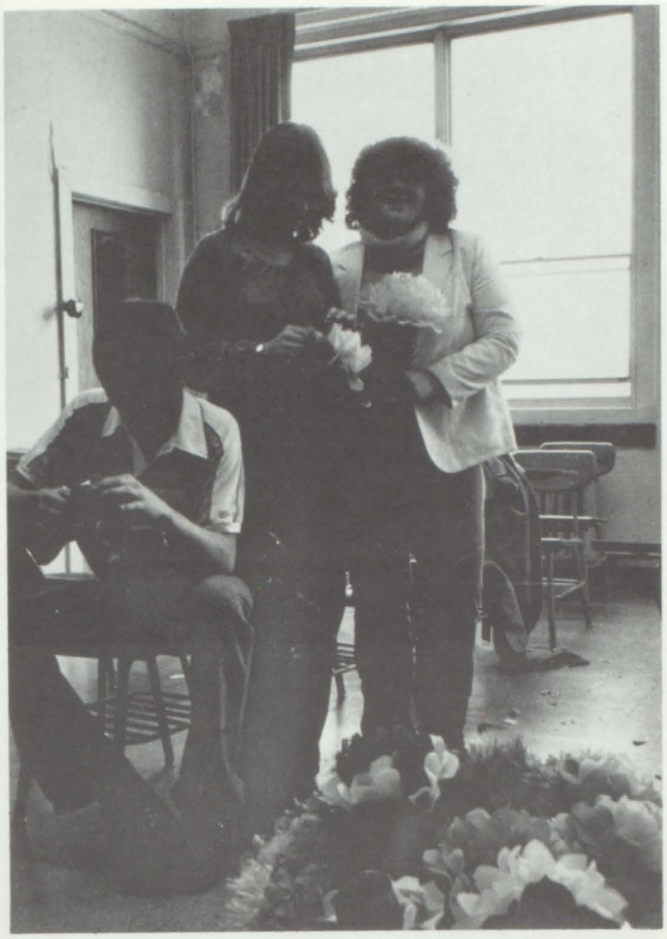


Students studied advanced mathematics in Analytic Geometry.



Geometry students found that working at the board helped them to understand angles and circles.

# Foreign languages were fascinating



For a change of pace Tom Schmidt, Laurie Zerban and Traci Richard made Spanish flowers for the Mardi Gras.

"To learn" was a verb that described the objective of students all over the world. Students took foreign languages to broaden their cultural backgrounds. They learned about other countries and dreamed about visiting such places.

Mrs. Marianne Shevlin enjoyed teaching her French students how to make crepes.

Miss Lynn Koehler and her classes studied the culture as well as the language of Germany.

Biology students discovered that Mr. Tim Buchanan enjoyed having them take a lot of notes.

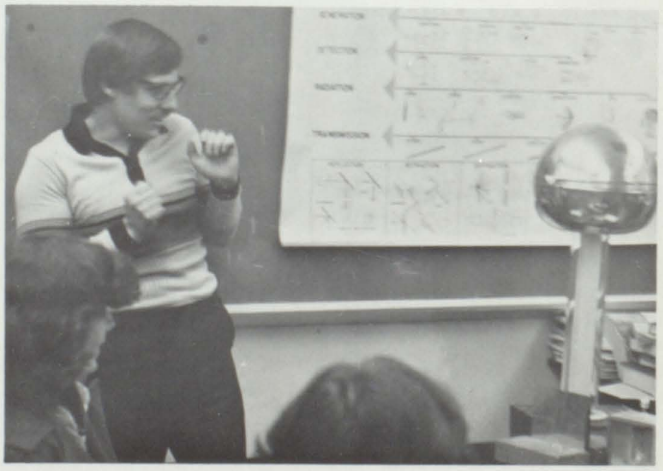
# Science challenges inquisitive minds

The science department offered a wide variety of courses, including biology, chemistry, physics, human anatomy, and ecology. The courses ranged from the basic to the more complex and challenging. Science courses pave the way for those who plan to enter fields of work such as engineering, medicine, and applied sciences.

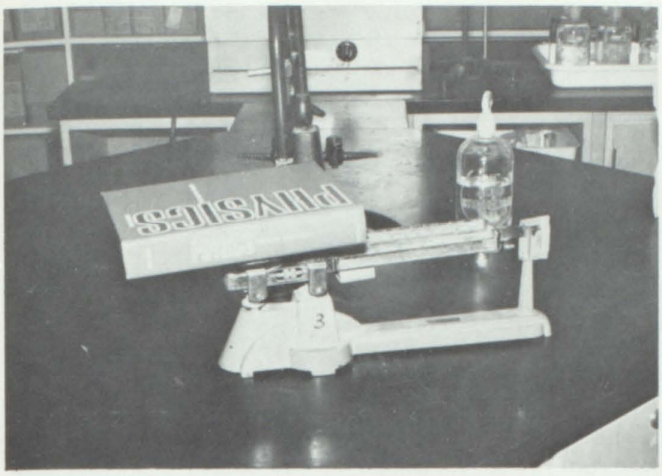
The biological sciences concentrated on the composition of the body. Students dissected worms, frogs, and rats to learn about the internal organs. Students in physics performed experiments to illustrate Newton's Laws of Motion while chemistry students combined various elements to study the results.

Angelica Anagnostopoulos used the microscope in biology class.

Rob Gjerswald dissects a rat during his human anatomy course.

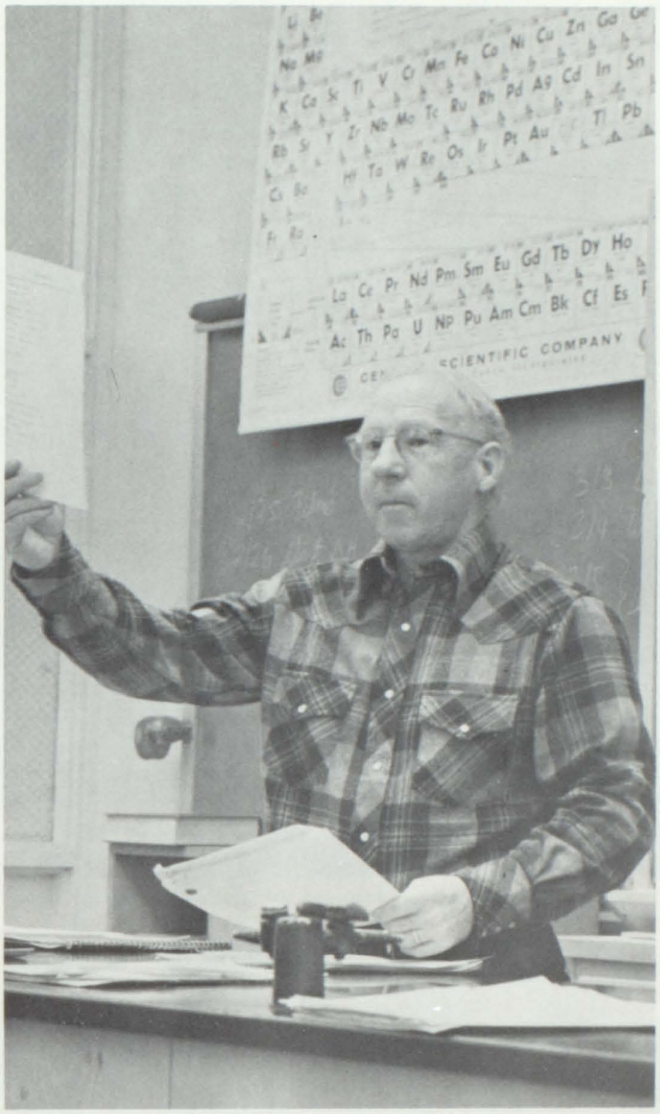


Teaching electricity was a shocking experience for Mr. Gary Shepek.



Students "weighed" physics while they determined which science classes to take.

Jerry Davis, Susan Gregson, Melanie May, Kathy Kamm, and Brian Fields work together on a chemistry experiment.



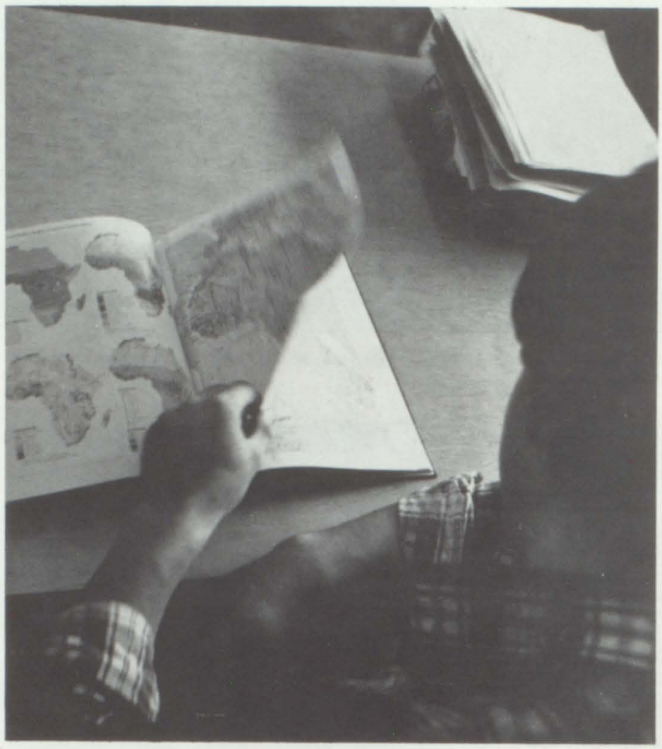
Mr. F. B. Allen returns assignments to his phys-chem students.

Robert Cook was amazed by the wall of specimens.

# The past helps us to predict the future

The Social Studies Department had a wide variety of course offerings. Freshmen began with a course in civics, in which current events and the Constitution were stressed. Sophomores could take world geography, world history, social studies, or physiography. Juniors could choose an American history survey course or four mini-courses, ranging from the old West and the Civil War to the nuclear age. Seniors had a choice of electives, including sociology, psychology, and government.

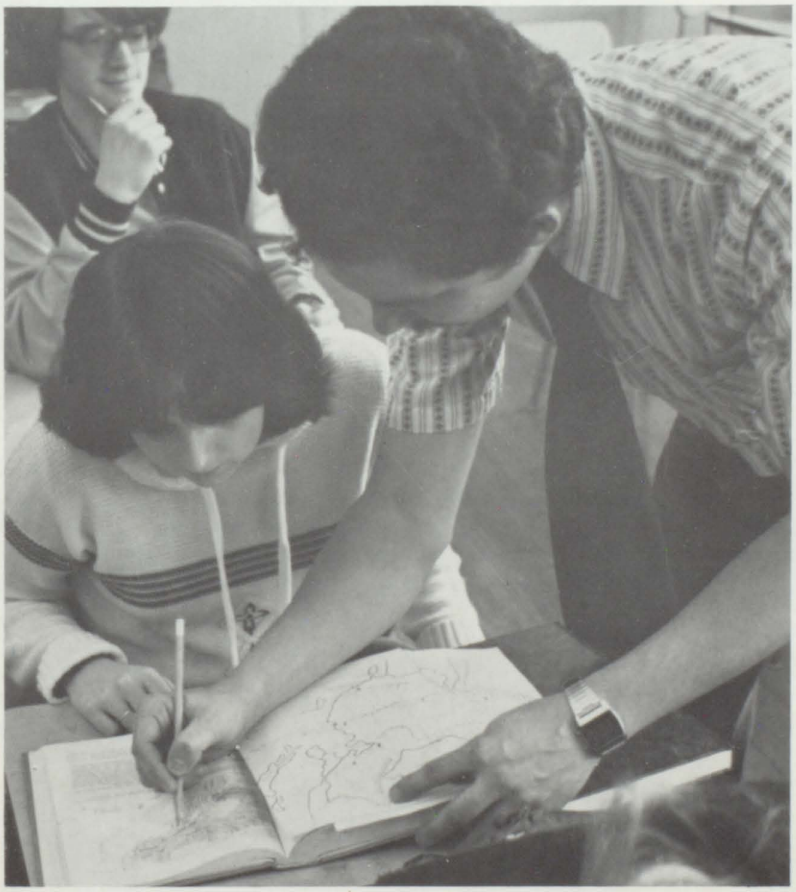
Brad Gain and Mike Imber tabulated the government classes' mock election results.



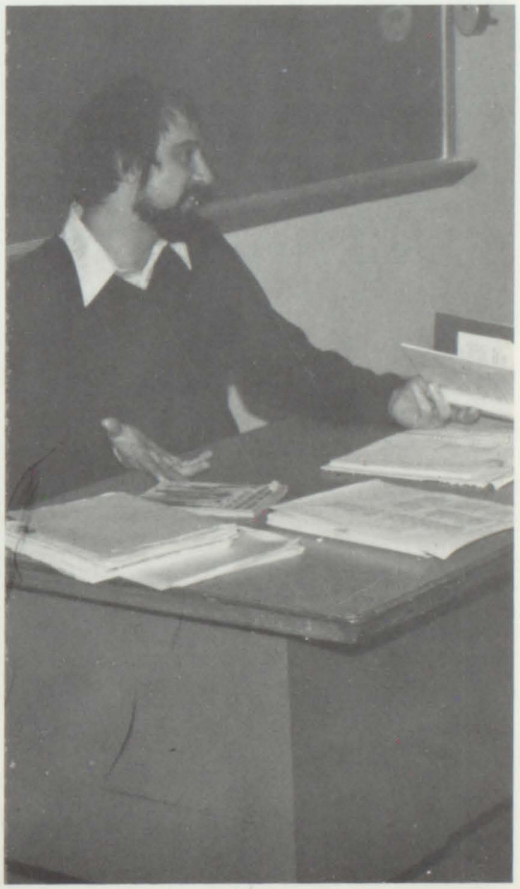
Curt Frawley and other world geography students used the atlas frequently during their course.

Mr. Billy Moore and his students in Social Studies explored many areas of American life.

Tim Hensick, Dawn Pedtke, Michelle Bray, and Jackie Dennett give a presentation in civics.



Mr. Dan Nollman assists Laurie Rankin with a map in a social studies, while Gerald Sewell awaits his turn.



Mr. David Schwalb explains politics to his government class.

# Students jumped at the chance to drive

Students could obtain physical education credits in drivers' ed, health, and physical education classes. In gym classes, students had choices between activities such as archery, football, badminton, and folk dancing.

Three phases of driver education were classroom, simulator, and behind-the-wheel. The classroom phase included lectures and tests, while the simulator gave us the illusion of driving under real conditions. Most of us approached the behind-the-wheel experience with apprehension.

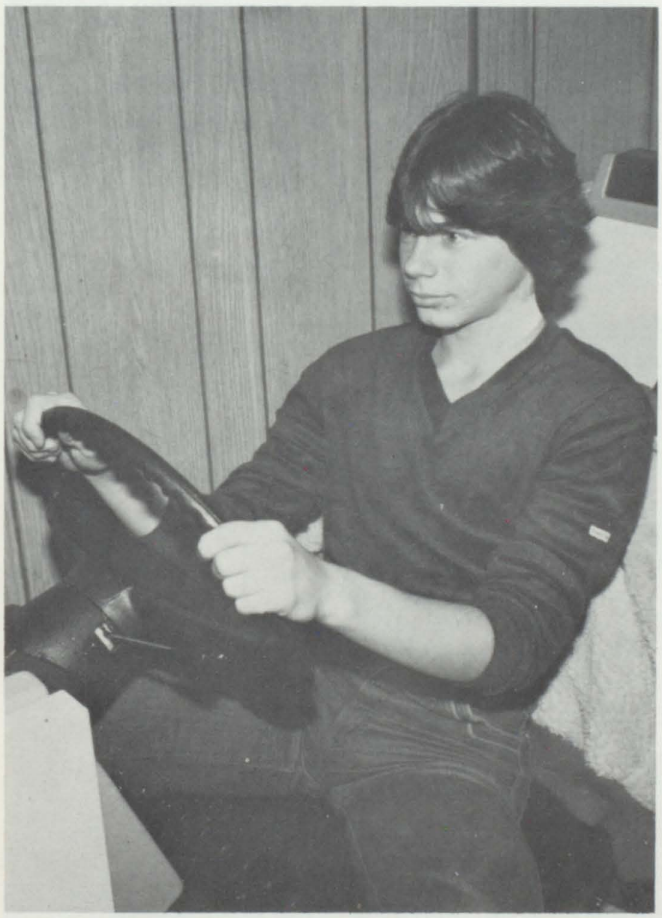
Health classes offered the chance to become certified in cardio-pulmonary resusitation or CPR. In these classes students also learned the value of good nutrition and physical fitness.

Mrs. Felicia Fuchs helps a student vault the horse in a gymnastics class.

Volleyball was a popular elective for P.E. students.

The snow did not prevent our P.E. students from playing soccer.

Students in health classes demonstrate cardio-pulmonary resuscitation, commonly known as C.P.R.



Brian Allsup sharpens his reflexes through the simulator phase of driver education.

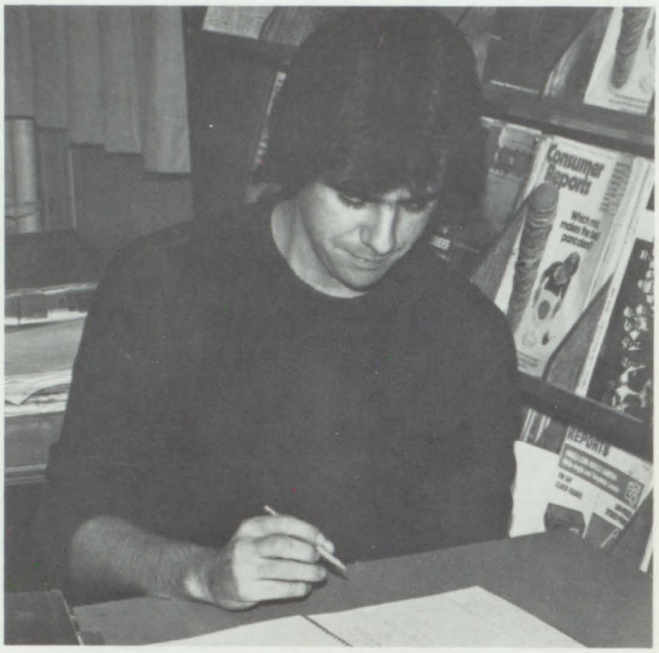
Watch out! Student drivers are heading for the highway!

Students learned valuable office procedure skills.

# Business courses cover many fields

Although our enrollment has decreased in recent years, the number of students taking business classes has remained steady.

Accounting, typing, and shorthand were among the business courses offered. Accounting and typing prepared students with basic skills useful in many kinds of careers. For those who wanted to take quick lecture notes, shorthand proved a valuable skill. Advanced courses allowed students to sharpen and build upon these skills in anticipation of careers in business administration.



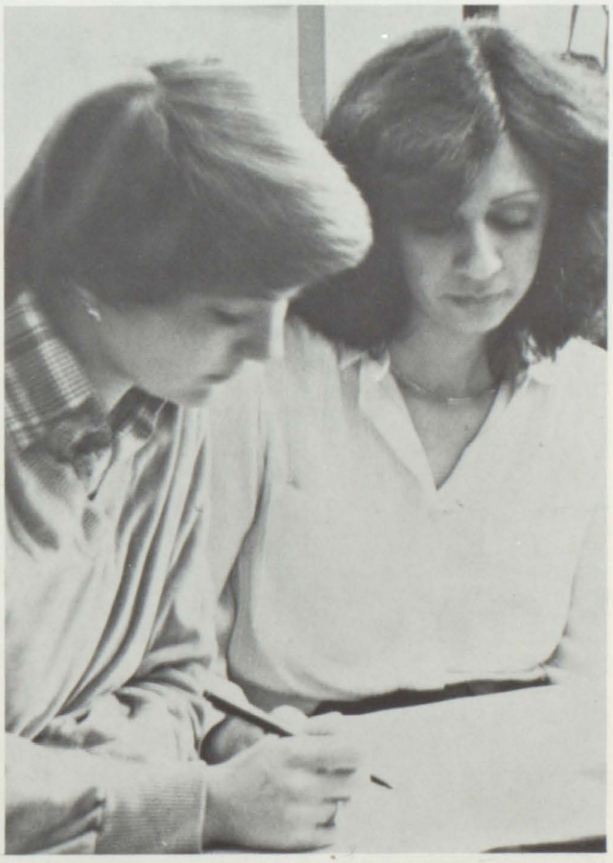
Student teacher, Mr. Tom Manolakes from SIU-Carbondale, checks the grades of his distributive education class.

Consumer education students Larry Reno, Tom Elsea, Tim Gipson, Kelli Walker, and Teri Kurkijan participated in a mock trial.

Carol Determan calculates a problem in office occupations class.

Beth Aeppli found Mr. Glenn Philpott willing to offer extra help in accounting.

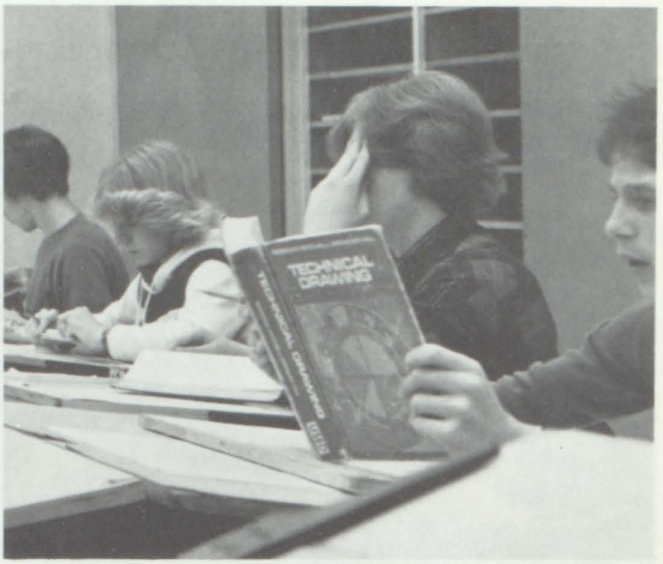
Sharon Wisniewski found out that "practice makes perfect."



Sharon Voellinger and Nahza Musa work together to complete a project in distributive education.

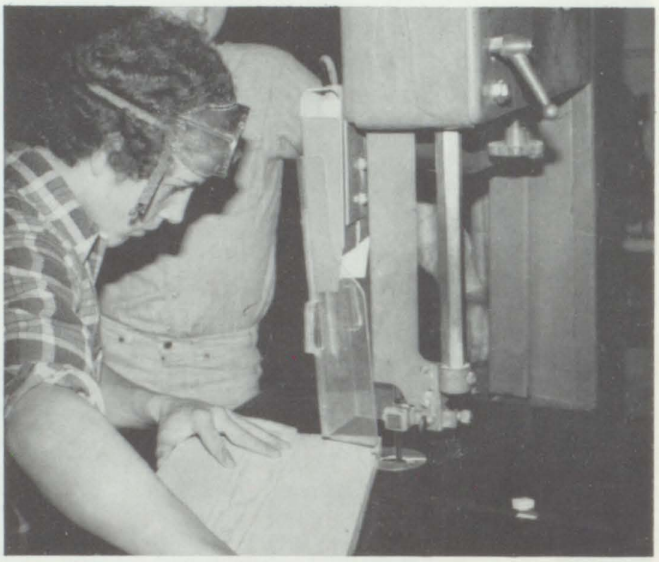
# Work is the core of industrial education

Shop classes opened students' eyes to various industrial arts. Woodshop and welding classes paved the way to future jobs. Those interested in farming enrolled in agricultural courses. Architectural, technical, and mechanical drawing classes required hard work and patience. In auto shop, those enrolled learned information about cars, not only to prepare them for jobs in this field, but also to give them knowledge in case of personal car trouble. Both girls and boys participated in industrial education classes.

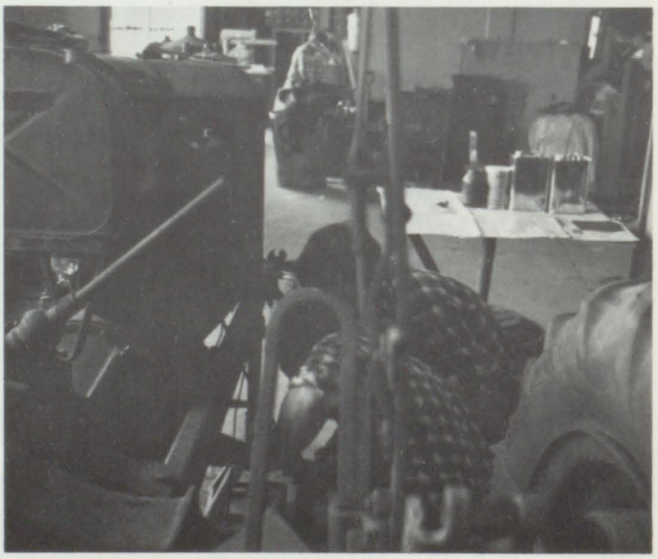


Charlie Sauer, Laura Molitor, Glenn Seger, and Ron Miller take their technical drawing class very seriously.

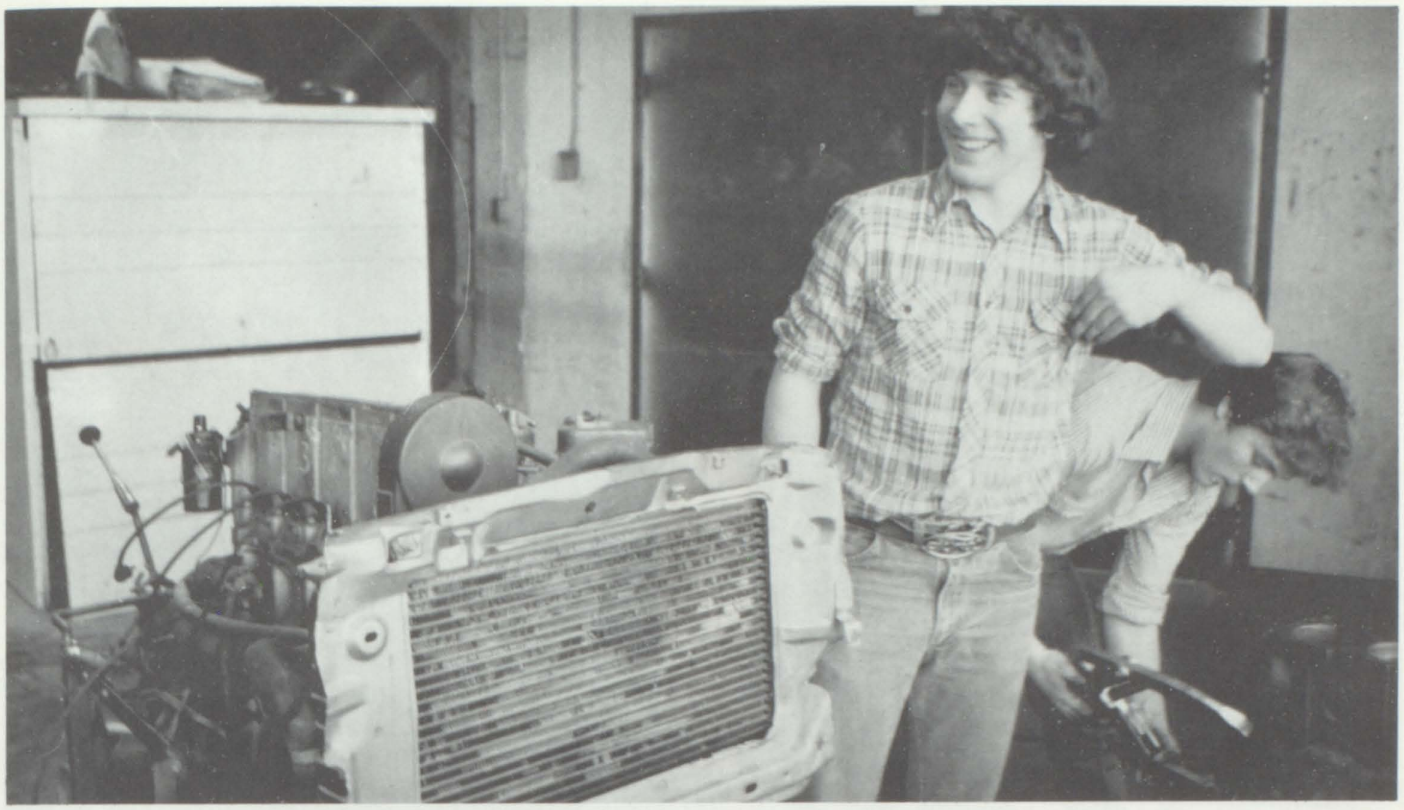
Casey Rasmussen and John Driscoll learn the basics in general shop.



Ron Pierpoint gets his woodshop project into shape.



These students repair a tractor in an agricultural machinery class.



Dave Fritzinger and Kevin Gosmell finish a project in auto shop.

Brent Knecht learns of the dangers involved in working with high voltage instruments in electronics class.

John Lang "lit up" the class in welding.

# Home economics domesticates us

Home Ec students found that learning to sew was a practical and economic way to increase their wardrobes. They found that they could create outfits that were not sold by the dozens in area malls. Sewing courses allowed for individuality and creativity.

Students in Home Ec also learned to cook. Economy in planning meals and budgets was stressed in an effort to teach money-saving techniques.

Dundee Brauer receives help from Mrs. Elaine Smith in sewing class.

Carrie Hansen, Kay Amburn and Shelley Blaies perfect their cooking skills in home economics.

Paula Godt, Diana Davies, Tami Henkel, and Eileen Terveer cut and mark patterns in a sewing class.

# Fine arts display our many talents

Art and music classes provided creative outlets. Talented students could take classes in drawing, painting, and various handicrafts. These classes enabled a student to escape the monotony of regular classroom work while developing their potential to the fullest.

Students could also take guitar, singing or music theory.

Jackie Fotsch "dabbles" at her painting.

Jeff Lawerence picks away in a guitar class.

Sandy Donner learns how to use the machinery in her jewelry class.

Students often gather around the piano in their music theory class.

# Student Council sponsors activities

The representatives and officers elected by the four classes were a bond between the school administration and the student body. Every day in 3C during 5B, council members worked towards specific goals and planned many events and services. Among them were Spirit Week, which included Hobo Day and the crowning of Miss Maroon. Other activities were balloon sales at home football games, the Pigskin Prom, and annual Christmas dance, valigram sales, and the Red Cross blood drive. Council co-sponsored the Donkey Basketball game with the Bellevinois. They provided a suggestion box in the cafeteria as a way to get ideas from the student body. During Spirit Week they sold votes for the "Pretty Baby" to raise money for Ngurdi Lestari, a foster child from Indonesia.

Tracy Sotiropoulos struggled through Valigrams sales.

Student Council adviser, Mr. Fritz Kunze, always gave a helping hand.

The co-chairman of the Donkey Basketball game, Martha Wilkinson, distributed signs throughout the school to publicize the game, held on March 27, and co-sponsored by the Bellevinois Staff and the Student Council.

Kevin Cange, Council president, was the master of ceremonies at the annual Hobo Day assembly.

# Hy News Staff produces an award-winning paper

For the five issues produced the first semester, the Hy News Staff received the All-American rating from the National Scholastic Press Association. The honor was awarded for excellence in coverage, writing and editing, editorial leadership, features, physical appearance, and visual communication.

To commemorate the Iran hostages, in February the staff tied yellow ribbons around campus trees. They also handed out ribbons for the student body to take home for showing support for our hostages.

The staff, under the direction of Mrs. Judy Duncan, sold ads and subscriptions to pay for the printing of the Hy News. On sales days the staff arrived early to sell papers at various campus locations.

Editors of the Hy News were (Bottom Row) Susan Waltrip, feature, (Second Row) Bonnie Weiss, sports, Mandy Mueller, news, Mike Harbin, sports, Ethan Edwards, co-editor, (Top Row) Jay Schmitz, editorial page, and Fran Mannino, co-editor.

# We recorded the story of this year

For our first project in September, we chose bright colors to repaint the staff room in the basement of the Library Building. Then came selling popcorn and programs at home football games, followed by the contacting of area businesses for ads to support the printing of the yearbook. These projects gave us the chance to learn to work together with different people in a variety of activities.

Next two thousand orders were taken for yearbooks and portraits of over twenty-seven hundred students and faculty were placed with the right names.

Committees then spent three months of work on all of the other sections of the book. We learned through effort how to argue and compromise and share ideas. We had to take responsibility for putting our ideas into practice to create a yearbook as a record of the school year. We found out the reality of deadlines, internal margins, verticals and horizontals, communication of ideas, and responsibility to each other.

On March 27, our final deadline date, we sponsored, along with the Student Council, the annual Donkey Basketball game.

# Like King Arthur, Little Theatre lives on

Led by Miss Jane Mueth, the Little Theatre group produced five plays. Freshmen got into action in October with three one-acts, "The Liberated Cinderella," "Wedded to a Villain," and "The Diary of Adam and Eve." In February the sophomores staged two day performances for nursery and elementary schools and one night performance for high school students and adults of the perennial favorite "The House at Pooh Corner."

Theatre members built an elaborate set for their November performance of "Barefoot in the Park," the comedy about newlyweds in New York. Turning to legend for their spring musical, staged on two consecutive weekends in April, Little Theatre chose the King Arthur story of "Camelot" as their final production of the season.

There were no requirements for membership in Theatre. Anyone interested in acting on stage or working behind the scenes could sign up for membership at the first meeting of the year. The club met once a month and ended the year with a banquet shared with the Thespian Troupe.

Serving on the Little Theatre council were (Bottom Row) Kathy Fimian, Linda Murphy, Ethan Edwards, (Top Row) Miss Jane Mueth, sponsor, Laurie Blaes, John Reichert, and Kelly Dailey.

Freshman and sophomores in Little Theatre were (Bottom Row) Rod Scherpe, Steve Kueker, Chris Rothweiler, Angela Johnston, Cassandra Barranco, Jayne Womble, (Second Row) Susie Wisniewski, Cindy Batton, Laurie Kane, Dina Williams, Angie Metzger, Laura Showmaker, (Third Row) Tom Elsea, Lynn Schloemann, Susie Schulze, Kathy Stein, Jesse Weilmuenster, Scott Berry, (Top Row) Tania Young, Donna Bricker, Kenny Lopinot, John Reichert, Mark Metzger, and Ron Henry.

The Thespian council consisted of (Bottom Row) Laurie Blaes, Kelly Dailey, (Top Row) Linda Murphy, and Kathy Fimian.

# Hidden talents are discovered

The twenty-six members of Thespian Troop #369 gained admittance to the organization by working two hundred long, hard, but fun hours in theatre, one hundred hours of which had to be worked back stage. New members were announced after the final performances of both the fall play and the spring musical. The majority of the leads in all performances put on by Theatre were Thespian members. The sponsors of the organization were Mr. Joe Chmeleck and Miss Nina Bono.

Chosen as members of Thespian Troop #369 were (Bottom Row) Terry Schulze, Cassandra Baranco, Kathy Fimian, (Second Row) Laurie Blaes, Margaret Stroud, Kathy Seppi, Jayne Womble, Mike Denser, (Top Row) Carl Wilkerson, Joe Palausky, Linda Murphy, Ethan Edwards, Kelly Dailey, Al Brainerd, and Ben Hunsaker.

In "Barefoot in the Park," Ethan Edwards and Margaret Stroud showed that even a simple thing like making a fist can be a difficult task.

Laurie Blaes' work behind stage was just as important as on stage.

# Winning honors is our specialty

The individual events team, headed by Mr. Bill Kirksey, had an excellent season. They finished with a first place in the District IHSA series in Waterloo, breaking a school record. They also captured first in the sectionals in Granite City South. From there, six team members advanced to state competition. They ended up to be the sixth top school in the state of Illinois from the 370 school that competed.

The debate team represented West all over the state, including the IHSA state finals. At sectionals, debaters Melissa Melton and Andy Cooper won first place, and in the Greater St. Louis tournament at Belleville East, the Novice won first place. Debate has been a vital part of West for twenty years, and is designed to teach the skills of advocacy, communication, persuasion, research, and argumentation.

The History Club met to encourage interest in the history of the community, the region, and the state. In its eighth year of existence, the club has won the first place regional trophy for seven consecutive years, plus over two hundred and forty blue ribbon regional awards and sixty-five state blue ribbons. The thirty-five member French Club also had a French folk music concert and a Christmas dinner.

# Clubs win area and state honors

Students who participated in the Distributive Education Club, which was organized in 1967, developed a respect for the marketing and the distribution of goods. Some of the club's activities were decorating a hall for Hobo Day, selling Maroon jerseys, and holding a Christmas party for deprived children. To become a member of the club a student had to be enrolled in the distributive education classes. Led by Mr. Tom Ninnis, sponsor, and Debbie Johnston, president, the organization promoted understanding and appreciation for the responsibilities of citizenship.

Those enrolled in office occupations classes formed an Office Occupations Club and raised money through bake sales to pay their way to area and state conferences and contests, including one in Chicago. Miss Faye Pabst, sponsor, and Jean Renner, president, led the club in its many activities.

# Junior Achievement learned by doing

Two groups of students in the Junior Achievement of the Mississippi Valley, Inc. business education program met on campus this year, one on Tuesday evening and one on Wednesday evening. Under the direction of Miss Marsha Ames, the seventy-five members formed their own companies for a twenty-five week program, a change from the thirty-week program of last year when the groups met off campus.

The program, opened to sophomores, juniors, and seniors, had about eight thousand members in the Metro area, meeting in eighteen business centers and high schools. Meeting for two hours an evening, the campus groups were sponsored by Sears and by Weyerhauser companies.

Members sold stock to form their own companies, produced a product, and elected officers to handle administration, finance, production, and marketing. They participated in business conferences, an "Officer of the Year" competition, sales contests, and trade fairs in area malls, and earned scholarships for outstanding work.

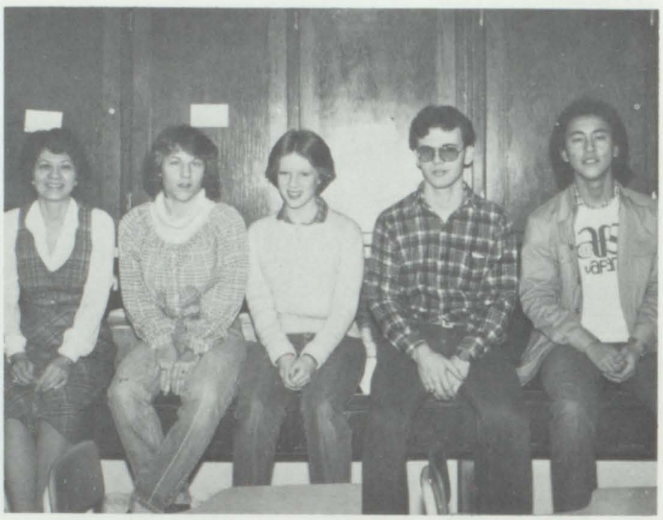
# AFS brings worlds together

The American Field Service Club gave students the opportunity to be part of the foreign exchange program. The AFS Club brought two exchange students to West. Kenichi Kasahala came to us from Japan and Piero Vincenzi from Italy. Two more students came to West with the help of the Rotary Club. Fiabiane Netto came from Brazil and Carmen Vale-Pena from Venezuela. Being at West gave them a chance to experience life styles outside of their own. To raise money, the club sponsored activities such as the Christmas Booth, the pie-eating contest, bake sales, and the annual auction held in April.



Members of the AFS club were Miss Sue Sharp, sponsor, Joan Gregowitz, Terri Pate, Dan McGinnis, and Kenichi Kasahala.

# Athletes put vocations to good use

The campus Fellowship of Christian Athletes organization was divided into a boys' group and a girls' group, each consisting of twenty members who met to participate in fellowship and athletics. Sponsored by Mrs. Donna Norbet and Mr. Norman Armstrong, the groups purchased a video tape machine for all of the athletic teams to use. Bi-monthly meetings also produced plans for hayrides and a Christmas needy family project. Members had the opportunity to attend all weekend retreats as well as a summer national conference.

# Vocal groups were swingin' and singin'

Twenty-three members of the Concert Choir were chosen to be the Remon Singers as a result of their membership in the smaller vocal groups, the Casuals Sextet, the In-Sept Sextet, and the Ensemble. Each group had its own accompanist and Liz Baker served as choreographer for each of them.

The groups performed at the fall and spring "Swingin' and Singin' " evenings in the cafeteria, the winter concert, the spring concert, and at the Festival of Songs on March 14.

The groups sang carols in the downtown shopping area before Christmas and performed at many social and civic affairs in the community.

The Casuals added enjoyment to the "Swingin' and Singin' " entertainment.

Members of the Concert Choir practiced all year to perform well for their audiences. Entrance to membership in the choir was by audition. Most members started practicing with vocal groups in their freshman year and worked up to the choir. Among the performances the group gave were a winter concert, a mini-concert at Christmas, the Festival of Songs, and "Then There Was Song," staged in April. The choir also sang for the feeder schools, caroled in the halls before Christmas, and contributed to the Baccalaureate service in May.

Who ever said being in the choir was all work?

# We aroused fans to promote the spirit

Last summer the cheerleaders went to summer camp at Arkansas University where they captured a first place trophy, making them eligible for national honors. The varsity football and basketball squad grabbed the second place award at the Centralia Holiday Tournament.

Last year for the first time, sophomores, juniors, and seniors could try out for all of the squads. Cheerleaders support soccer, football, wrestling, and basketball teams. They were under the leadership of Mrs. Donna Norbet and Captains Julie Fritsch, Vickie Stuhlsatz, Karen Meder, Kelly Shannon, and Laurie Hoock.

The cheerleaders practiced from August until May. During practice sessions, the girls worked on sidelines, chants, cheers, gymnastics, and pyramids. Much time was spent on perfecting the basics as well as the more advanced stunts. Creating new ideas plays an important part in cheerleading also. The squads tried to create cheers that the spectators could yell along with.

Seniors support their year in the class spirit competition.

"Not'til the loom is silent
And the shuttles cease to fly,
Will God unfold the pattern,
And explain the reason why.
The dark threads were as needful,
In the weaver's skillful hand,
As the threads of gold and silver,
In the pattern that he planned."
